Foreword

This index was compiled by Mrs. Margaret Dale, who also compiled the index to our 1981-1983 Historians, published last year. We again extend our thanks to Mrs. Dale, whose indexing skills date back to 1966, when she compiled and published an index to John C. Cooley's 1898 *Rathbone Genealogy*.

Although this index has been carefully proof-read several times, it is likely that some errors have slipped through. Please let us know of any errors you may find.

Each name in this index is followed by one or more numbers, which refer to the page numbers in our 1984 Historians (Vol. 4). There are 16 pages in each issue. The January issue contains pages 1-16; April issue, pages 17-32; July issue, pages 33-48, and the October issue, pages 49-64.

Married women are indexed separately under both their maiden names and married names. When a woman's maiden name is not known, it is indexed as (_____). When a man or woman's first name is not known, it is also indexed as (_____), followed by an "m" for male or "f" for female.

An asterisk (*) after a listing indicates a correction concerning that person in a later issue.

Name index, pages 3-17; Place index, pages 17-20.
